

Join Horizon Tennis Home Competitive Programs

Season 2026/27

Thank you for downloading this application form — it's the first step toward an exciting opportunity to take your tennis (or your child's) to the next level. Inside, you'll find everything you need to know about how to apply for Horizon Tennis Home programs and what happens after you submit your application.

WHO CAN APPLY

We welcome applications from players aged 10 to 20 who already have competitive experience or are looking to take their game to the next level. Admission to our programs is selective, but the goal is simple: to identify the right pathway for each athlete and ensure our environment fits their goals and ambitions.

HOW THE SELECTION PROCESS WORKS

Our evaluation is based on three key elements:

- 1) **Competitive background** – past experience, tournaments, rankings, and long-term commitment.
- 2) **Introductory interview** – an opportunity for the athlete (and family) to meet our staff and share objectives.
- 3) **Technical assessment** – either on-site or via video, to evaluate the athlete's current level. The format will depend on logistics and availability.
